

# MASLAB

Annual MIT Autonomous Robotics Class and Competition

## Support MIT's most challenging engineering competition

Every January, MIT students design and build vision-based autonomous robots that test their mechanical, electrical and software engineering skills. These robots compete on unknown terrain in a final tournament that draws hundreds of spectators.

### Past Sponsors

Your support enables MASLAB to run one of MIT's most difficult and popular engineering competitions.

Email [maslab-sponsors@mit.edu](mailto:maslab-sponsors@mit.edu)

### Platinum

\$15000

*Exclusive time with contestants and MIT community*

- Exclusive dinner with students
- 15 minute talk + 2 judges at the Final Competition
- Unlimited invitations + 20 minute talk at the Sponsor dinner
- **Priority Advertising:** Very prominent logo on all MASLAB materials, video advertisements in all videos and at all events

### Gold

\$10000

*Substantial time with contestants and MIT community*

- 5 minute talk + 1 judge at the Final Competition
- 4 invitations + 10 minute talk at the Sponsor Dinner
- **Extensive Advertising:** Large logo on all MASLAB materials, video advertisements at all events

### Silver

\$5000

*Substantial time with contestants*

- 1 judge at the Final Competition
- 2 invitations to the Sponsor Dinner
- **Enhanced Advertising:** Logo on all MASLAB materials with enhanced ad placement

### Bronze

\$2500

*Basic advertisement opportunity to the MIT community*

- We offer a booklet of **student resumes** to all our sponsors
- **General Advertising:** Logo on all MASLAB materials
